March 30, 1996

Dear Mr Lytle Stewart;

As I told you at Aunt Velma's funeral, I would be glad to share the information I have on genealogy with you, so am sending some family sheets, and the chart on the KORNEGAY family to you.

I am also sending family sheets on Grand, and Great Grand - Butler families.

Hope this information is of interest to you, and want to say that I enjoyed meeting and talking with you.

If I can assist you any way, please let me know, and if you make that trip this way, we would love to have you stay with us while in this area.

Sincerely

Harry

(COMMENTS) There must have been more than one wife; from 1730 to 1742, seven children were born; then there is a twelve year period between the seventh and eighth child; then a six year break between the eighth and ninth child. Further, the time span between the first and last child is 32 years. For the normal woman, the first child would have had to be born when the wife was thirteen, yet she was already a widow before George married her. Should look further for a second, and maybe a third wife.
